The John A. Sherman Prize

The Sherman Prize was established as part of the bequest from the estate of the late Mrs. Etta Sherman. Mrs. Sherman and her late husband, Dr. John A. Sherman, were among the group of dentists and their wives who started Alpha Omega Fraternity in Canada in 1921. Dr. Sherman was an International President of AO, and the founder of the Alpha Omega Foundation of Canada; he also served as its Secretary-Treasurer for many years.

The Sherman Prize can be awarded annually *"to Alpha Omega undergrads that have completed their 2nd and 3rd year in Dentistry and are judged to be outstanding on the basis of academic standing, extra-curricular activities, character and leadership qualities"*. This prize is awarded only in Canada and only to members of Canadian undergraduate chapters. There can be more than 1 winner in each class, but there may also be no winner in a class. All active dues paying members of Canadian undergrad chapters who were members during their 2nd &/or 3rd years and are still active dues-paying members in the next year are eligible for consideration.

The prize always runs a year behind, in that it is awarded to members of the 3rd and 4th year classes for their activities and accomplishments in 2nd and 3rd year.
